Today's Date:

I agree that I am responsible for teaching my child the courses outlined in this plan: _____

Description of a typical day/week: (This may look like a time schedule or a narrative summary of your child's daily/weekly activities. Include all specials as well – Music, P.E., Library, etc.)

R.E.A.C.H. Educational Learning Plan

This is a yearly plan and may be amended at any time.
(To amend an E.L.P., make changes on your original, sign and date it and send us a copy.)

Creating an Educational Learning Plan (E.L.P.)

Please outline your child's program in all the subject areas that you will be homeschooling. Many subject areas may be incorporated within other subjects.

For example: In reading your child may be using library books in order to research a topic of interest or to collect information for a project (science); your child may be working on a project that includes map reading (social studies, math); your child may use technology in order to carry out other areas of study (technology for writing/word processing, multi-media, or data bases).

Following are the general areas of content that your E.L.P. should address and space provided for you to describe your child's course of study. If you would like to use a different format, please feel free to. (Sample E.L.P.'s are on display in the homeschool office.)

E.L.P. Students Name: _____ Date: _____ Grade: _____

If this is an amended plan, please date and sign below: You may change (amend) your plan as many times as necessary.
